Pipers Take Last Home Game From Haskell High's Indians

Team Plays Exceptional Football To Win 20 To 7

Rounding out the last scheduled home game, Hamlin's Pied Pipers moved equal to the task of taming Haskell's Indians last Friday night at the new local football stadium. The local lads took an early lead, scoring a touchdown and extra point in the first quarter. The game got under way when Haskell's pass to Ivy from the line was good for 6 points, and Nicholson's toe accounted for the extra point.

Coming back strong in the second quarter, Haskell started a march down the field. From midfield, a pass from Henshaw to Cousins connected and the ball was carried over. Cousins booted the extra point between the cross-bars.

The first half ended 7 all, with Haskell holding a slight edge on yardage gained and first downs. During the third quarter, the ball changed sides frequently, although neither team gained a scoring advantage. Because of the brisk weather and hard playing on the part of both teams, fumbles were numerous.

Finding his target over the center line from the 25, Johnson passed to Sowell in the last quarter. Sowell went a short distance to pay dirt, and Nicholson again used his toe to convert for extra point.

The third Piper touchdown came after the ball had been worked to the one yard line. Ivy went over the line for the extra point. Much credit should go to Coach Smith and his assistants, Griggs and

Caffey. They have worked hard with the team and attained some very satisfying results. At the beginning of the season the team was inexperienced and very light. By perfect harmony among squad members, the smooth working machine has made a commendable record. Seven successive games have been played on the local gridiron, with the home team dropping only one of that number. The only defeat came at the hands of Stamford, 13 to 0.

The Pied Pipers have rolled up a total score of 162 points for the season thus far, while their opponents were gathering only 47 points.

AT MUNDAY TONIGHT

Three out-of-town games are yet to be played. Tonight the team journeys to Munday to meet the Moguls. Albany and Anson complete the schedule.

IT CERTAINLY PAYS

A week or so ago, Mr. W. C. Kidd placed an ad in the Herald to help his wife buy some quilts. Kidd is a railroad man and after placing the ad he left on his run. When he came home his wife said, "Kidd, what on earth have you done?" Now Mr. Kidd is a meek soft talking man and from the way his wife spoke he thought something terrible had happened. Kidd says, "Why, I have done nothing bad I know of." But Mrs. Kidd says, "You've sent 500 quilts down here for me to buy and I've been afraid to buy 'em and write a check." Watch out how you advertise—it gets results. Mrs. Kidd does NOT want any more quilts.

SHELL PIPE LINE CO. IN SAFETY MEET

The personnel of the Scurry, Haskell, Fisher and Hamlin Shell Pipe Line Stations and other guests enjoyed an unusually good safety meeting at the Model Hotel on Tuesday evening of this week. There were about twenty-five present, including Chief Safety Engineer, Ferrell, of St. Louis; Division Supt. W. H. Shelby, of Colorado City, and "Shorty" Beall of Midland, representing the automotive department.

Along with the several good safety talks, a screen contributed a prominent part, showing concrete illustrations and impressing important safety principals.

All 10 year men at the meeting were awarded gold tokens of merit for their services with the company. These gifts are varied, and it seems from the display on the men that they all accepted the practical article that clasps on the shirt and holds down their tie. That is safety too, for maybe a tie might flop out and catch in a cog or belt or something and cause injury. . . . anyway those yellow gold chains and shells make a suitable decoration.

At each of the above named stations the head man is called "Chief Engineer," and in that list R. B. Wiar of the Hamlin station and John Sheehan of the Scurry station, were each given suitable gold awards for their ten years with the company and Mr. Richards of the Haskell station was given a similar token for his six years service, for operations of their stations safely with automotive equipment.

Hamlin being a centrally located station, this place is their regular meeting city, and the next time will be about January the 8th, 1940.

ATTENDED DISTRICT NAZARENE ASSEMBLY

Last week the District Assembly of the Church of the Nazarene met in Amarillo, and from Hamlin members attending were the Pastor, Rev. Dan Jones, Rev. Sam King, and two delegates, Misses Cassie Bell King and Leta B. White. The Hamlin people were accompanied by Rev. Bates, pastor of the Stamford Church.

Mrs. C. M. Galloway, who lives between Neinda and McCaulley, is at Eureka Springs, Ark., taking treatment in a hospital. Her condition is not improved. She had previously taken treatment at Knox City and was examined in a Dallas Clinic. She will likely remain at Eureka Springs three or four weeks.

Closing Armistice and Thanksgiving

Last week by request of several of our merchants we passed a list asking that all who favored closing Monday for Armistice instead of Saturday the 11th, to please sign. A majority was not favorable to closing Monday, so this week by request of some of our merchants we passed a list asking those who favored closing Saturday the 11th for Armistice, to please sign. This also failed to get a majority of votes. It is our understanding now that the tailor shops and beauty shops will close Saturday in observance of Armistice, also in this group the F. & M. Bank will be included. We are also advised that the barber shops will be closed Monday, Nov. 13th to

observe Armistice Day.

Last week when we passed our list for closing to observe Armistice we also included all who favored closing Thursday, Nov. 30th to observe Thanksgiving, to please sign, and a majority signed that they would observe Nov. 30th as Thanksgiving Day, so the town will be closed Thursday, Nov. 30th to observe the Annual Thanksgiving Day.

ELEMENTARY P-T. A.

Elementary PT A met Thursday night observing Fathers night. There were fifty fathers and ninety-four mothers present. Talks were made by Mr. Bennett and Dr. Thurman.

Hawaiian music from Abilene, also an educational film were included on the program.

Miss Harrell received a one dollar prize each for having twenty-four pupils and twenty seven members present, also the largest number of mothers present.

Miss Alpha Moore received prize for having the largest number of fathers present.

There were over three hundred school children given toxoid vaccine for diphtheria last Friday and Saturday. The smallpox vaccine will be given later. The Elementary P-T A is giving these immunizations free to the children.

STATED MEETING OF HAMLIN

LODGE No. 358, A. F. & A. M.

Monday evening, Nov. 13, 1939 at 7:30 P. M., is our regular monthly meeting and all members are urged to attend. Besides our regular business meeting we are expected to have work in the Fellow Craft degree. The Annual Communication of the Grand Lodge will be held in the Grand Lodge Temple at Waco, Texas, Dec. 6th and 7th. Representatives will be elected at this meeting for this communication.

By W. E. BENSON, Sec'y.

Visiting in the home of Mr. and Mrs. C. S. Rumfield and Mr. and Mrs. Monroe Tabb over the weekend were Mrs. Rumfield's brother, H. C. Hedges, wife and daughters, Alice Opal and Mrs. Mug Stephenson and baby, and Mr. and Mrs. B. V. Hedges, all of Tennyson. Joining them for a Sunday dinner were Mr. and Mrs. R. O. Rumfield and children, Bynum, Annie Lee, Billie, Willie and Charley Zack; Mr. and Mrs. W. W. Boyd and Thelbert Rumfield, Carpenter Gap; Mr. and Mrs. Jim Goza and children, Jimmie Inez, Clayton Gerald and Cherry Don, of Abilene; Mr. and Mrs. Albert Brown and daughter, Allene, of Oak Grove; Mr. and Mrs. Jake Farmer and children, Floyd Wayne and Alice Faye, Mr. and Mrs. Cecil Brown and baby, Gwendolyn, Mrs. Roy Kelly and baby, Erma Faye of Hamlin. All of Mr. and Mrs. Rumfield's children were at home with them except two sons, Hozie, of Stanton, and Tom of Santa Paula, Calif.

Mrs. Joe McCrary, Mrs. Gordon Bennett and little daughter, Patricia Lee, Mrs. B. M. Brundage and daughter, Miss Maxine and Miss Edwina Gilbert attended the meeting of First District Federated Music Clubs in Fort Worth Friday and Saturday. Mrs. McCrary acted as delegate for the Hamlin Schubert Club and Miss Brundage represented the club on the Junior Program, Saturday, playing a piano number, "Black Key Etude," by Chopin.

KEEP YOUR RED CROSS READY

THIS striking painting of a Red Cross nurse keeping the symbol of mercy flying is the keynote of the 1939 appeal for membership in the American Red Cross. Faced with the need for strengthening daily Red Cross services in 2,700 Chapters, and with its chartered obligation to aid in some measure in meeting the distress of the men, women and children refugees in war-torn countries across the sea, the Red Cross asks every man and woman in

the nation, able to do so, to join as a member this year and support America's official voluntary relief agency.

Ruskin Williams, a distinguished artist, is creator of this ideal conception of the nurse heroine.

The roll call for members will be held November 11 to 30—join through your local Chapter. Help your Red Cross help others by becoming one of the millions who will add their names to the roll of mercy.

Hamlin Red Cross Roll Call To Start Monday, Closes Nov. 18th

A community never knows when they will be in need of aid. A calamity may bear down on a town any time and if such a place did not have a creditable membership in the Red Cross it might be embarrassing to see that ever-ready world-wide organization coming in with somebody else's money to help. Besides it does make one feel better to know that when one becomes a member it means fifty cents for some worthy aid to some suffering and needy people somewhere.

The above sentences introduce Hamlin people to the fact that it is time to have Red Cross Roll Call in the community.

There is a county Red Cross Chapter in Jones County, with headquarters in Stamford. Hamlin and Anson, Lueders and other communities are units of this Chapter and each functions independently with funds that are left in the community after the regular Red Cross Membership fee of 50 cents is sent to Stamford, and all of that amount is forwarded on to headquarters in St. Louis, Mo.

To enroll it will cost \$1.00, and fifty cents of that amount stays in Hamlin and is used for absolutely worthy purposes, which come up from time to time in this commun-

What Does History Teach Us?

TODAY as we pause on the threshold of another Armistice Day, the minds of mankind, the world over, goes back to that day of anxiety, on November 11, 1918, the day preceeding that day of greatest joy this generation has witnessed.

Today a great portion of the world is bleeding as the fruits of an unfinished job. Today there is a sea of deep sadness in every land as we prepare to observe, once more the "Armistice Day" which is defined by Webster as "a brief pause in war by agreement of the opposing forces"

the "pause" has been a little less than 25 years.

For America, may we settle back in an easy chair and look over the pages of history, note keenly what the men of "action" had to say back in the days of "pending treaties" today is a day of mourning mingled with a memory of ecstasy and while our hearts are saddened because of raging war clouds and thunderings of death machines across the seas, it is well for us to recall that twenty-five years ago began a war to "make the world safe for Democracy"; that 22 years ago our nation entered that war to help right be victorious; that 21 years ago that war was concluded and its final message was so power-

ful to all who lived through it said "There can't be another war! We've learned our lesson." This is 1939 and once again Europe is again in tragic war, while the angel of Peace spreads its wings protectively over America.

Our children should know how sacred is our Democracy . . . how firmly we must cling to and secure our place as a nation of peace for all time; how important it is that we as a nation must look a long way ahead and sense the dangers to the peace of the world and lend our unlimited influence to cause all nations to realize that all humanity has a right to its way of living and enjoying its right to the pursuit of happiness and prosperity.

In Behalf of the Renter Farmer

THE RENTER FARMER on the farms of Texas is getting into deeper and deeper economic difficulties. The situation of the farm renter in Texas and especially in West Texas, is so serious that the problem becomes one for deep concern of every citizen, including the landowners and all business enterprises alike.

It is serious when hundreds and hundreds of families in a section of the state are "dispossessed" of the only place in the world by which they can earn a living. The majority of these men and women are helpless and have no idea how to bring this terrible situation to the attention of leaders of government in a manner to get some form of relief.

It will be too late to interest the Farm Renter in getting behind a movement to urge Congress to do something on this line, after they have been away from the farm for a year or two, and have sacrificed all their farm animals and farming tools, and become subjects of "relief."

It is important to start something right away.

In this connection, there is no place to criticize the owner of a farm because he sees fit not to rent his lands to the family who has worked it for years and rendered satisfaction. The renter knows that the chief reason for the farm-owner not to want to rent longer is that under the present government subsidy set up it is more profitable to operate the property without renting than to rent it. The renter knows what is the matter but appears helpless in the face of the situation.

One prominent landowner, this week, in talking over this subject, said that a recent cross-section of the South revealed the fact that there was but a TWO per cent fall-off in the number of renters as compared to the situation previous to the farm control measures. That may be true for the entire South as a whole, but it certainly can not be true in Jones County, Texas, and the surrounding counties.

The Hamlin Herald would be interested in knowing just who the farmers of this part of the state are, and why they have been forced to give up their rented homes and must seek a livelihood in some other line of activity. We know that more and not for rent and that their livestock, farm tools, poultry equipment, and in fact everything that goes to make them a living, is for sale. This is causing a great loss, in fact a complete sacrifice of their ALL, and the situation grows worse.

There is no use in arguing the question as to what all this is to lead to. Everybody knows that even with hundreds of families on farms, there is yet, not enough jobs in this country to permit a scant living for those who lost out years ago and are now either on relief or bordering on it.

So it must be plain then that relief rolls will increase in the face of still more and more men being forced from their natural sources of life. It seems ridiculous that in a country as scantily settled as this section of the state, that there should be any people on relief rolls. There is something wrong, and it must be remedied or else the situation will become "remediless" in a few years.

There are a thousand angles of social evils coming out of subnormal living and whatever the cause of a low living stage should be the problem of every citizen. One cannot say, "It is no bother of mine."

The Herald has preached for twenty years or more that the chief drawback to real prosperity, in Texas especially, is that we have too many families without homes, while all about us are wasting acres of plenty.

It is equally as important for Congress to do something for "internal defense" as well as spending billions for a phantom enemy on the seas, or across the oceans. There is no excuse in saying it would be too costly to provide a method for home-owning in Texas and other states. Recent years have shown that nothing is too costly for whatever the United States desires badly enough to do.

Restricted Shipping

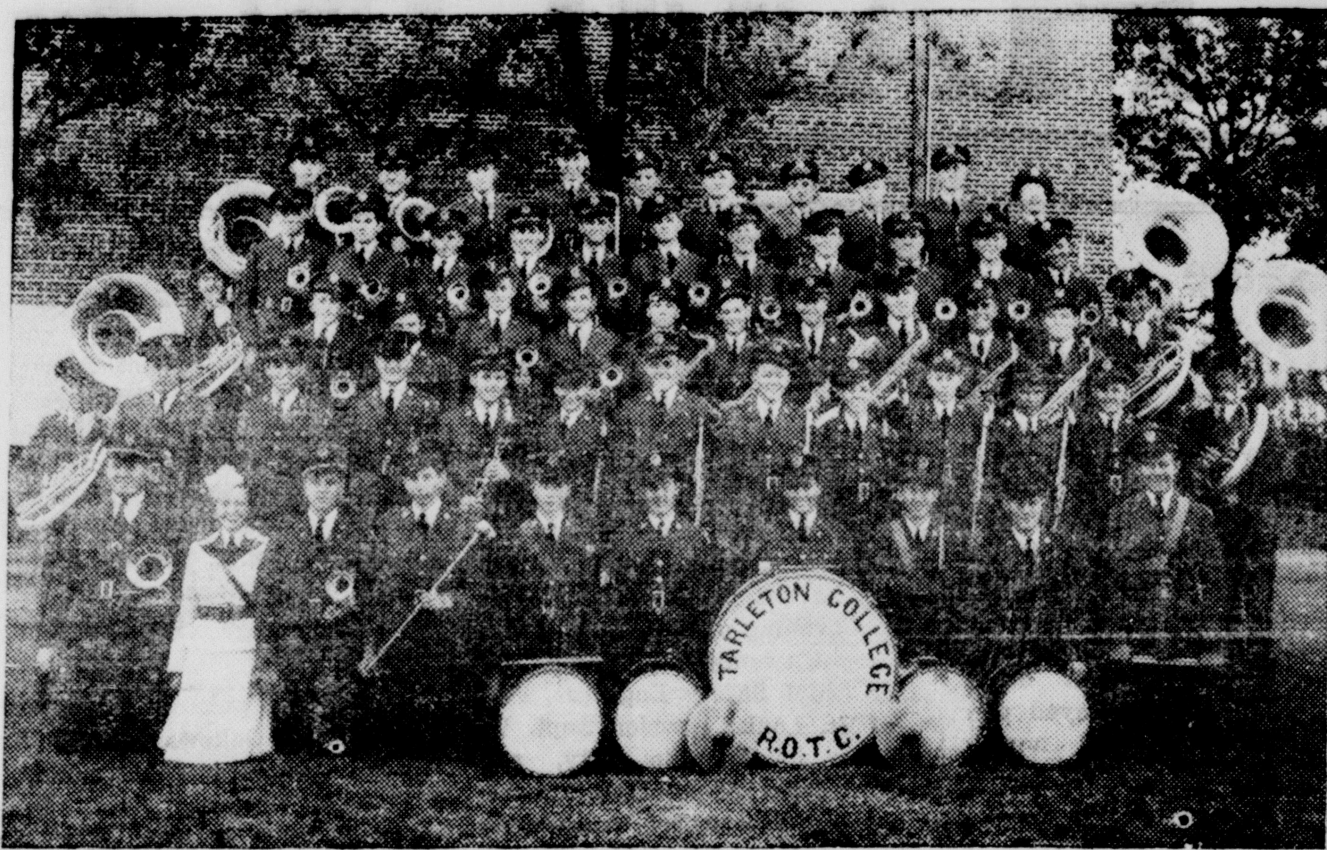

The American people and the World has seen a typical action of a democratic legislative body go into action and talk out the angles of a national face-about foreign policy.

For more than 150 years the United States has boasted of its freedom of the seas, and the recent action of the Congress has revealed that this nation can change its ideas on foreign policies.

The majority for the repeal of the "Arms Embargo Act" represented the vast millions of Americans. Maybe many people did not understand what the arms embargo meant . . . it simply said that nobody in this country could sell or carry certain things to nations at war, but allowed our ships to take other scores of essential articles right into the war zones, to endanger American lives and strain our relations with other countries.

The present law provides that we can sell anything any warring nation may want if that nation will come and get it and pay for it. The new law also provides the President with power to designate danger areas that our ships and passengers SHALL NOT venture into. The whole set-up of the new law provides more freedom and less danger than the old one. Yet, some will say that we have abandoned our prided policy of going wherever our ships may

C. P. Amerson Building Fine Farm Home East of Hamlin

If there is anything that Ye Editor likes to write about it is homes and pretty homes . . . and the farm home catches our eye quicker than any other house.

For some time we have known that Mr. and Mrs. C. P. Amerson were constructing a pretty home on their farm 7 miles east of Hamlin, but we did not attempt to tell about it till we could get a full idea of what it is to be. So on Tuesday morning of this week we made a hasty inspection, and to our delight we find that their place will be, perhaps, Jones County's most attractive and modern farm residence, and but few homes in the towns will exceed it in modernity and comfort when it is finally completed.

Mr. and Mrs. Amerson had a sizable frame residence and that was dismantled and the material was used in the new construction, which is a nine room white brick veneer, with all kinds of modern features, including spacious halls, closets, accessory cabinets, etc.

The new Amerson home is covered with fire-proof asbestos-concrete

wish to go, when we are a neutral nation. But the world is not now what it used to be. American freedom has lost nothing by the new act.

The new act is simply a "co-operating act" with nations that have declared a long list of contraband shipping to their enemy. Now America tells its own people not to try to run the blockade and imperil our peace with other nations.

America IS neutral, yet America has a choice as to who ought to win the present struggle. America had much rather be on the side lines looking at the war than be in it. American people have no doubt how the game will come out, and all of us thank the oceans for being where they are.

To look at the movie screens and see the might of England and France's navies, we have further reason to be thankful for that power. Hard is the place of any nation in the world to have to fight the navies of both England and France. To the navy of America in peace and co-operation with those of England and France, the world must look for protection and justice. While the two great European navies cope with a world enemy, this nation will gladly give them all the room they may need.

HAMLIN STUDENTS ON HONOR ROLL AT TARLETON

Eva Louise Fowler and Leslie Shelburne of Hamlin were among the 145 students at John Tarleton Agricultural College, Stephenville, who were on the 80 Honor Roll for the first preliminary period at that institution.

This announcement was made recently by Registrar Charlie S. Wilkins, who says, "To have achieved this high scholastic rating of 80 or above on all of the subjects one is taking in college is a record of which anyone can well be proud. Tarleton College is proud of these students."

Dean Davis further commended these students upon their efforts during this first six-weeks period in college. He urged them to "keep it up," and expressed the hope that many more students would apply themselves as diligently during the next preliminary period.

A Half Ton of Coffee Delivered to Simpson's

Last week the Joe A. Simpson Grocery carried a sizeable advertisement, and one item was Folger's Coffee and to push this item they served free coffee Saturday, all day.

Joe revealed the fact that he had purchased 1000 pounds—a half ton of that brand, an amount he believes is the greatest shipment ever to be delivered in Hamlin. Hamlinites are coffee drinkers and a thousand pounds will make 48,000 cups of coffee, to stimulate the day's start-off during the winter.

Rotary and Lions Clubs Enjoyed Banquet With Neinda Methodists

The ladies of the Neinda Methodist church were hostesses to the Hamlin Rotarians and Lions on Tuesday evening of this week when they served a pre-Thanksgiving dinner in the auditorium of the Neinda public school building.

Anyone who ever attended any kind of dinner, basket or buffet or banquet style at Neinda can never forget the good things always offered. Anybody who should skimp on their eating should pilot their appetite away from the long, generously loaded tables at Neinda and that goes for the latest feast there this week.

The Rotarians and Lions had been knowing for more than a week that the Methodist women of Neinda were inviting them over for a benefit dinner and as many as possible had shunted all other engagements off to permit attendance. But as is always the case, certain entertainments must be attended, such for example as the second Lyceum number at the High school also Tuesday night, hence not all the Lions or the Rotarians and their wives got to enjoy the Neinda affair.

There were perhaps more than 100 members and their guests at the banquet, at which Buren Carlton acted as toastmaster. Invocation was offered by Mr. Switzer, prominent member of the church.

The arrangements and decorations of the tables showed that the sponsors had given much thought and care for artistic effect. The decorations were in keeping with the season. The long tables were centered with Thanksgiving colors, and napkins carried the designs of Autumn and turkey. At intervals along the tables vases held dainty home grown roses of yellow, red and pink. Being a community dinner, each woman was requested to bring the same articles, including baked chicken, dressing and gravy, mashed potatoes, creamed peas, celery, pickles, cranberry sauce and the coffee and buns were furnished by two Hamlin business houses. For desert two kinds of pies, pumpkin and mince-meat, topped with plenty of rural-rich whipped cream.

The program was very informal. A. H. Carlton in his very pleasing and wholehearted manner made the address of welcome to the "city

folks," telling how once upon a time he too had gotten along skimpily in town, and that "right now," he says he could tell "what you fellows had for breakfast." A. H. Carlton is a real pioneer in Jones County and can count "fur back."

For the Rotarians, Eddie Jay, responded for his club and then introduced the President, H. O. Cassle, who also is an old timer, to match Mr. Carlton's generous welcome.

All talk and no music means a dull evening and it was NOT a dull hour, for arrangements had been made to have the Shipp-Bennett Quartett present, and this time they were assisted by the famous Pope sisters of Anson, whose melodious voices always charm their listeners. They rendered numbers to the satisfaction of everyone, and paved the way for Lion Dr. Joe McCrary to bring in his part of the response to Mr. Carlton's welcome.

Mrs. Joe McCrary, accordionist, was introduced and pleased the audience with a number of selections.

Other informal talks were made by Representative Travis Dean and Lion Ted Russell, after which President of the Lions, Dr. Joe McCrary, insisted that his club members and their wives and sweethearts stand up and be counted, and dared to pit their number and beauty against the Rotarians. To this hour those Neinda people have not let the clubs know which they think the most handsome and beautiful. We may never know for the Neinda Methodists are adept diplomatists and will always keep on the good side of both Rotarians and Lions.

Really it was a delightful evening and here is betting a hole in a doughnut that these clubs will want to make this an annual affair.

Everyone enjoyed the School Carnival and play Friday night. Room Queens were: Lola Mae Brigham of Miss Eaton's room, whose escort was Charles Long; Patsy Sue Capps, of Miss Gay's room, escort Jimmie French; and Mary Nell Osment, escort Ashel Glenn. Patsy Sue received the most votes and was crowned Queen.

W. T. VEDER CONSTRUCTION CO. GETS THE WATER LINE EXPANSION CONTRACT IN LAST WEEK'S LETTING

Last Friday afternoon the City of Hamlin opened bids for the construction of enlarged mains for the city's water expansion lines, in the business district.

The specifications for this expansion work included eight inch mains to replace the smaller piping that has been in use for years.

The usable pipe from the present lines will likely be laid on streets that are now cramped by four inch lines.

The bidders were W. T. Veder Construction Company of Barstow, Texas, whose bid was low for \$7,819; Gale Bros. of Houston, bidding \$9,125.50; Panhandle Construction Co. of Lubbock, bidding \$10,685.50; Harry Eaton, Tyler, Texas, bidding \$11,474.70 and Burt G. Burnett, Gafford, Texas for \$11,794.00.

Construction on the expansion of the lines will start as soon as materials and machinery can be as-

sembled. Harry Eaton was the successful contractor for the construction of the new Filtration Plant, which is being given the finishing touches this week. It is a substantial building and modern plant for handling 600,000 gallons of water per day. Mr. Eaton says that water taken right from a fresh head-rise of the lake can be handled out through the plant to the people of Hamlin clear, white and sparkling. All the good news about water handling makes Hamlin people all the more anxious NOW to see a big rain come and put the new lake full of water.

WINTER DISARMED

90-hour threat ended by OIL-PLATING your engine today

You can probably agree that these are certainly conservative figures...

- 4 or 5 months of nasty weather right ahead of you now
- 8 or 10 daily cold starts for your car
- 6 to 8 minutes per start, till your engine's near-warm

And yet even that can run up your engine's cold-weather "starting-stretch" to right around 90 hours!... The foulest 90 hours that Gangster Winter could fire at your engine—your battery. And don't ever hope to halt him with motor oils whose biggest brag is "fast flow." That's not enough—and it's not your money's worth, considering that "fast flow" is mighty slow Winter lubri-

cation compared to OIL-PLATING.

OIL-PLATING in your engine will lubricate before any oil can circulate. That's because the minute you start up with patented Conoco Germ Processed oil it makes OIL-PLATING "magnetize" to all inner engine surfaces, so that it cannot drain down again. It cannot retire to the crankcase as you park the car. Like any other good plating, OIL-PLATING stays right where it's plated by Germ Process action—all over the working parts. They've "got on" their OIL-PLATING all the while you're indoors. They never "take off" their OIL-PLATING. When you come out to start then, your OIL-PLATING can't be delayed even 90 seconds—or one-ninth of

a second! And away you go. The battery hardly knows it was working. And it's a good long while before the gauge-stick calls for an added quart of Germ Processed oil. Your Mileage Merchant has your right Winter grade. Change today—to that Conoco station of his. Continental Oil Company

Women: "Build-Up" To Relieve Pain

A weak, run-down, undernourished condition calls for attention!

Such a condition often enables functional dysmenorrhea to get its foothold. That's one thing which leads to much of women's suffering from headaches, nervousness, those cramp-like pains. A good way to relieve such pains, women by thousands have found, is by the proper use of **CARDUI**. It stimulates a lagging appetite, assists digestion and assimilation; thus helps build physical resistance to periodic pain. Taken just before and during "the time," many women also report that **CARDUI** helps to ease the pain and discomfort of the period.

Instruments Help Tell Location of Earthquake

When the newspapers announce that there has been a major earthquake in some far distant land they may have received the information by cable or by radio, but sometimes the earthquake is in such an out of the way corner of the earth that no direct news can be sent to the outside world for days. In such cases scientists who make a specialty of earthquakes are able to say approximately where the quake occurred simply by consulting the record it transmitted directly to their recording instruments.

The instrument commonly used consists of a delicate pen balanced on the tip of a long arm to which a heavy weight is attached, the whole suspended on a frictionless hinge. When the earth quakes the pen shakes and leaves a wavy record on a constantly moving paper, writes Austin E. Jones, in the Scientific American. Such instruments in their various forms, some of which are rather complex, seem mysterious to the average uninitiated person, but in recent times a few amateurs have constructed them at home and been able to record the great earthquakes in their own cellars hours before the newspaper announcements appeared. They are driven constantly by means of the works from an inexpensive clock.

Recommended as materials of construction are a concrete post, a 500-pound weight of scrap iron, some wires, bolts, pieces of good and other homemade gadgets. Such an instrument will make essentially the same wavy record of an earthquake, say in Japan or Java, India or Iran, as the scientists' instrument receives. The professional has his organization, the Seismological Society of America, to which numerous amateurs also belong.

Kansas City, Mo., Lady Owns Early U. S. Relic

One of the most interesting historical relics in the United States is an original copy of the Declaration of Independence. The document, ranking with the Liberty Bell itself in national interest, is owned by Mrs. F. E. Holiday of Kansas City, Mo., and is kept in a safe deposit box. Tradition runs that the signers of the Declaration, the original of which is kept under guard in the Congressional library in Washington, desired to have copies for themselves as memorials of their work, writes a correspondent to the Kansas City Times. The copies were undertaken, but owing to the difficulty of communication between the colonies, requiring considerable time for a copy to make the rounds and receive the signatures, only five were ever made before death prevented the plan from being carried out. Not all of these copies are accounted for.

Mrs. Holiday's copy, it is believed, was given to Joseph Hewes, one of the signers, who was one of her ancestors. She has received communications from officers of the Smithsonian institution and Congressional library, who desired to purchase the relic and place it with other national treasures, but she has never placed a price on it or intimated that it was for sale.

Couple Wed 81 Years Claim National Record

Mr. and Mrs. William Kelley of Longview, Texas, claim first place in a movie company's search for the couple in the United States which has been married the longest time. The Kelleys are 109 and 105 years old, respectively, and have been married for 81 years.

They claim precedence over Mr. and Mrs. George Goblen, of Lucas, Iowa, who recently celebrated their seventy-seventh wedding anniversary and were selected by the national convention of True Vow Keepers as America's longest-married pair. A search of the records in Louisiana, where the Kelleys were married, and in Jacksonville, Iowa, where the Goblenes were married, is now being conducted by those in charge of the competition.

The award offered by the movie concern for the couple married the longest is a 10-day visit in New York, where they will be the company's guests.

The competition is being conducted in connection with a picture now being produced.

Speedy Meteors

Hurting into the earth's atmosphere at speeds varying from 10 to 45 miles a second, meteors are rubbed white-hot by friction with the air; they smoke and frequently explode. But meteorites cool quickly; at their cores, they still have a temperature of 273 degrees below zero, to which they have been cooled during their frictionless ride through outer space. No elements not present on earth ever have been found in meteorites; some are of dark-colored stone, while others are iron and nickel.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

And this is Los Angeles!

It all happened a bit suddenly, my being here. Because Metro-Goldwyn-Mayer is planning a big Texas oil boom picture and because this chronicler has made something of a study of Texas oil booms, there comes a long distance call from California on a Sunday, directing me to be in Los Angeles the next morning.

There is the little matter of driving my car the 200 miles from Austin to Fort Worth and then boarding a big American Airlines ship that evening—of thundering across West Texas (lights of towns winking and blinking like diamonds, rubies, emeralds and amethysts on a jeweler's black cloth; the orderly ranks of gas flares north of Odessa; a fried chicken dinner above the clouds; a few flashes of lightning, and it's El Paso).

Of course, getting out of Texas was the biggest part of the journey (or maybe it's because we're entirely used to flying by now) but, anyway, it isn't long till Tucson and Phoenix are left behind and then half a million lights flicker below. And so, whisked as if by the magic carpet of the Arabian Nights, we arrive in the Bagdad of the Twentieth Century.

It is a different land.

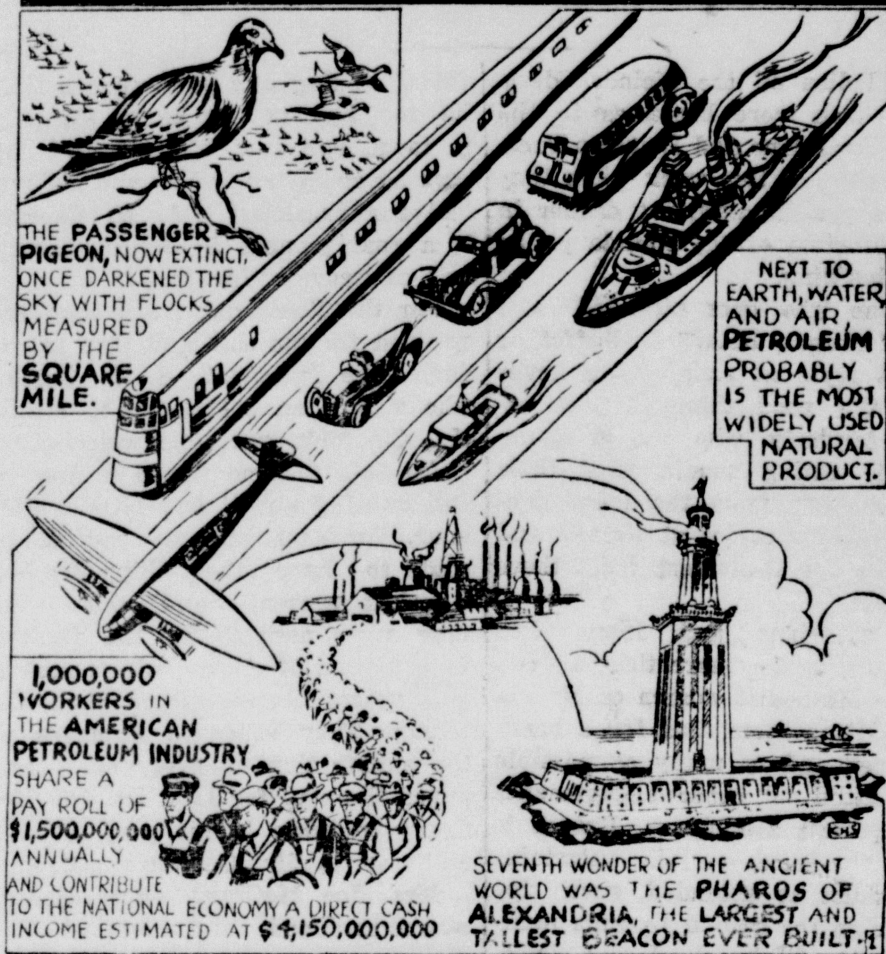

Chinese, Japanese, Filipinos, as well as Mexicans and Caucasians; difficult street names, such as Ca-huenga, Figueroa and La Cienega; none of the beers (so I'm told) that have made Milwaukee famous and Cincinnati jealous; brands of gasoline you never heard of like Red

SEVENTH WONDER OF THE ANCIENT WORLD WAS THE PHAROS OF ALEXANDRIA, THE LARGEST AND TALLEST BEACON EVER BUILT.

Lion, Richfield, Blu-Green, and Elixir (maybe you drink it); an Oz-like realm where there are doll hospitals, a theatre where people sit in their cars, glasses of fig and pomegranate juices imbibed thru pastel sippers, cigarettes lighted with perfumed matches.

California's golden strand is fretted by the blue-and-silver Pacific for hundreds of miles—but the cafes serve Eastern oysters. The state is famed for its citrus groves—but the stands feature Arizona grapefruit. And a visitor from the Lone Star State needn't be lonely long for there's a sign, "Texas chili," and another, "Genuine Texas tamales."

New friends poke fun at my Southwestern drawl—though I talk as fast as a tobacco auctioneer in comparison to most of my Texas associates. But folks out here say "Do you have your car?" as though it were all one word like "Mississippi" or "Mediterranean." (I guess that's telling 'em.)

I've been in the City of Los Angeles a week and have seen just one policeman—and he was handling 45,000 people. (Talk about your one Ranger and one mob!)

Have you ever seen 45,000 people at one time? They were at the U. C. L. A.-Oregon football game at the Coliseum. The place seats a hundred thousand and Chamber of Commerce envoys circulated among the visitors, apologizing for the slim attendance. And when those thousands rose with a shout of anguish, rage or joy, the roar of the crowd was indescribable.

Aside from the thrills of the gridiron itself, such a game is a gigan-

tic spectacle. On the opposite side of the vast concrete bowl, the U. C. L. A. student body, using colored cardboard, created Donald Duck (the emblem of the Oregon Web-foot). From the loud speaker came the delightful quackings and frenzied ragings of Walt Disney's brain-child and I remarked to a neighbor: "The fellow's good."

"He ought to be" was the answer "because he's the same guy who's the voice of Donald Duck on the screen."

The night before, I'd attended the Hardin-Simmons clash with Loyola and sat in amazement as thousands booed—not me, however, at an occurrence on the field. The act which caused the outburst was not harmful to the home team—just the reverse. A Texas player, trying to get under a pass, was tripped by a defender, who was also attempting to catch the ball. The action was entirely unintentional but an army of Tarzans could not have registered more below-lining disapproval.

It was explained to me that the native sons are far outnumbered by people who've moved to California from other states, so the visiting team—whether from Hoboken, Keokuk or Woonsocket—is the people's choice; and when California teams go out of the state, of course the rooters there also are against them.

This made me feel as sorry for them as I did for Lillian and Dorothy Gish in "Orphans of the Storm."

However, the California teams won both games.

Yes, it's a different land—almost a different world, but even in Los Angeles, they play "The Beer Barrel Polka."

Two Ford V-8 Cars for 1940 Presented

HERE are the two Ford V-8 cars presented for 1940. One is a Ford V-8 and the other a deluxe Ford V-8. Top, the deluxe Ford V-8 Fordor sedan; below, the Ford V-8 Tudor sedan. Both are big cars with graceful lines. Emphasis in interior styling is on fine appointments. Among numerous important features are a finger-tip gearshift on the steering column, a new controlled ventilation system and Sealed-Beam headlamps for safer night driving. Two V-8 engines are available, at 85 horsepower in the deluxe, the 85 horsepower or a 60 horsepower engine in the Ford V-8 models. Cars with 85 horsepower engine have improved spring suspension and a torsion bar ride-stabilizer. Four Ford V-8 and five deluxe body types comprise the two lines. A new business coupe as well as a coupe, Tudor sedan and Fordor sedan are available in both. There is also a deluxe convertible club coupe with automatic top standard equipment.

WOMAN'S LITERARY CLUB

MEETS FOR STUDY

England was the subject Friday afternoon for the Woman's Literary Club program, with Miss Allie Whiteley director. Two interesting topics on present day conditions are presented by Mrs. R. E. Johnson who read a paper, "Is England Declining As A World Power?" and Mrs. W. A. Albritton who discussed "From Appeasement To Encirclement." Intimate stories of the royal family were cleverly told by Mrs. Carl Clifford. Mrs. Hefflin Miller concluded the program by giving outstanding excerpts from Prime Minister Neville Chamberlain's book "Search of Peace."

Twenty-six members responded with assigned roll calls adding variety to the program. The club meeting was at the home of Mrs. H. O. Cassle on Union Ave., and entertaining rooms were attractively decorated with white chrysanthemums. Mrs. J. Henry Littleton, president, presided over the business session.

OPTIMISSUS CLUB

The members of the Optimissus Club entertained with a Halloween party for their husbands in the home of Mr. and Mrs. L. B. Maberry southwest of Hamlin.

The Halloween theme was carried out in house decorations and appointments. Gay colorful balloons were also used in the entertaining rooms.

Games of forty-two were played and Mrs. Jodie Creel won high score for the women and Ray Maberry and W. H. Dean tied for high score for the men.

The Halloween motif was repeated in the attractive refreshment table which held open-faced sandwiches, cookies, coffee and candy favors. Those present were: Messrs. and Meses. J. D. Burk, Jodie Creel, Roy Gilbreath, L. B. Maberry, P. Odum, G. W. Pennington, Hal sor, A. T. Tipton, Roy Maberry, Fay Patterson, W. H. Dean, and Meses. Gerry Richardson and J. M. Ten.

BOYD CHAPEL H. D. CLUB

RESERVES ACHIEVEMENT DAY

Tuesday, October 31, was Achievement Day for the Boyd Chapel Home Demonstration Club when they met at the home of Mrs. E. R. Hamlin. Mrs. Hamlin, club Kitchen Demonstrator, has worked during the year to make her kitchen more convenient and attractive, and as this Kitchen Achievement Day guests were invited into the kitchen by Mrs. Harrison Hooper where Mrs.

Buster Bingham served punch. Mrs. E. K. Whittenburg welcomed them into the bed room where there was displayed a beautiful collection of tufted bedspreads, hooked rugs, quilts, dresser scarfs, pillow cases and home-made toys, all work of club members. Mrs. Hamlin then showed guests through her kitchen, explaining how various improvements had been accomplished with very small expense. In the kitchen an array of jars of attractive canned fruits and vegetables were displayed on a table. Guests were seated in the living room to hear Mrs. Hefflin Miller talk on Federated Club Work, and Its Purpose; she also entertained with readings.

Fourteen club members and the following guests were present: Miss Gladys Martin, Jones Co. Demonstration Agent; Mrs. Hefflin Miller, of Hamlin, Mrs. L. P. Cozen, of Abilene, Mrs. Joe Kahl, of Lubbock and Meses. Bud Renfro, Harrison Hooper, Earnest Cozen, G. W. C. Drummond, Loyd Blanton, G. J. Taylor, M. A. Drummond, and B. P. Tennin.

Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation. To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. See how much better you feel the day after taking spicy, all vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly. Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

Miss Pauline Shelton, who is in training at the Shannon Hospital in San Angelo, is to spend the week end with her grand parents, Mr. and Mrs. Dan W. Stephens.

High School Orchestra.

Welcome address by Marydel Hawkins, President of the Mary Emma Chapter, Lubbock.

Response to Address of Welcome by Melba Woods, Area President, of Eastland.

Song, "The Lost Chord"—Ruth Mildred Rylander, Lois Mangum and Mrs. O. D. Elliott.

The American Girl As a Citizen—Vernon Chapter.

Dance "I'll Clap My Hands"—Virginia Pitts, Lubbock.

On Being Socially Acceptable—Graham Chapter.

The American Girl and Her Leisure Time—Tahoka Chapter.

A Girl and Her Wardrobe—Lubbock Chapter.

After lunch there was a sing-song led by Mrs. O. D. Elliott, several accordion numbers and a business meeting.

The next meeting will be in Eastland in March and Hamlin will be allowed one representative.

MISS ELEANOR TEMPLE

TUESDAY CLUB HOSTESS

Miss Eleanor Temple was hostess to the Tuesday Club in her home on Jackson Avenue, Tuesday afternoon.

Colorful autumn flowers decorated rooms where games of bridge were played. High score was made by Mrs. W. F. Johnson.

At the tea hour red radiance roses centered tables where sandwiches, salads, cookies and iced tea were served.

Those present were Meses. J. L. Keen, J. W. Ezell, H. O. Cassle, W. F. Johnson, W. J. Poe, R. B. Wiar, Bowen Pope and Miss Pearl Whiteley.

SHINE BOY MARRIED SAT.

Justice of the Peace, Grogan Turner performed the ceremony in his office at the Imperial Barber Shop, Saturday night that united in marriage his shine man, Fred Eugene Jenkins and Nellie Edwards.

This colored man had been with the shop for years and he chose that place as the proper setting for a real "home wedding." Fred is a thrifty fellow. He has spent about 15 years in Hamlin and has a comfortable little house in East Hamlin and needed someone to help him make this house a real home.

NOT SO WASTEFUL

We Americans have often been called a wasteful and improvident people. It's true we often spend money recklessly—but, at the same time, when it comes to erecting financial safeguards against the future, we have no competitors.

This country accounts for but 7 per cent of the world's population. And yet we own 70 per cent of all the world's life insurance.

So the fact is that we don't scatter our wherewithal to the winds at every opportunity. We spend more for luxuries than the people of any other country because we earn and have more. And we also spend more for the necessities—of which adequate financial protection is one of the most vital.

Mr. and Mrs. Stanley Carmichael left Wednesday for Washington, New York and Detroit on business matters. They were accompanied as far as Dallas by their parents, Mr. and Mrs. Roy W. Carmichael.

News of the Week From the McCaulley Community

(By PAULINE MABERRY)

Mr. Austin Galloway returned home from Eureka, Ark., where he has been with his mother, Mrs. C. M. Galloway. She is in the hospital there. He reports her condition very satisfactory. Mrs. Oliver Lee is staying with her the remaining time.

We are sorry to report the illness of Mr. John Rector. He has been in poor health for some time, but has been much worse during the last week. We sincerely hope he is better soon.

The Junior class of McCaulley High school enjoyed a party Thursday night, in the home of Ola Fay Faulkenberry. Games of much activity were enjoyed. Refreshments of hot chocolate and cookies were served to the following guests: W. T. Lawlis, Albert Galloway, Lowell Bateman, Doyle Berry, Anne Beth Berry, Verna Lee Wishert, Louise Berry, Parniece Stephenson, Ira Bell Jones, Zelma Jones, Fern Maberry, Virgil Lawlis, Velma Lou Boyd, Mr. Curtis Courtney, Mrs. George Lawlis and Sponsor Mr. O. C. Brinell.

Mr. and Mrs. Albert Maberry of Canton, Texas, were guests in the home of their parents this week end. On Sunday dinner was served at Pink Maberry's home in Sylvester, the parents of Albert Maberry. Other guests present at the dinner were: Mr. and Mrs. John Frank Maberry and family of McCaulley and Mr. and Mrs. Arthur Maberry of Canton.

Faye Lee spent a few days with her sister, Mrs. John H. Reynolds last week, in Sweetwater.

Mr. and Mrs. John Fate Beavers left Monday to make their home in Paducah, Texas, where Mr. Beavers will be employed with his uncle, Pete Tidwell.

Mr. Drennan is reported very ill this week.

Misses Corrine and Latane Akins

and Faye Lee were hostesses for a Hallowe'en costume party for the Senior class last Tuesday night. Games were played. Prizes were awarded for the most alarming, most unusual, prettiest and the funniest. Hallowe'en refreshments of pumpkin cookies with hot chocolate and marshmallows were served to twelve guests: Glen Grey, Emma Sue Hennington, Frances Davison, Walter Cypert, Katy Akins, Ourtis Courtney, Hettie Logan Clay, Billy Pickron, Oliver Brinell, Corrine Akins, and Mr. Melvin Courtney.

Faye Lee entertained the Y. W. A. club Monday night in her home. The program was of much interest. Mrs. H. P. Powers gave a book review of "By Ways Appointed," by Briggs. When the meeting was adjourned everyone enjoyed the exchanging of jokes and a few games, while eating popcorn, candy and apples. Those present were: Latane Akins, Nola Akins, Frances Davison Corrine and Katy Akins and a guest, Miss Bowers, with the sponsor, Mrs. H. P. Powers.

Frances Davison and Katy Akins were callers at the Powers home Sunday.

Miss Marcia Bowers, a teacher in Lehman High school, is a guest of Miss Latane Akins this week.

Mrs. Eula Mustain, Charline and Luan, and Mrs. Dela Fancher were guests at Mrs. W. H. Barton's Sunday.

McCAULEY SENIOR 4-H CLUB

The McCaulley Senior Four-H Club met in the auditorium of the school November 6th. We studied about fruits, and how to make fruit salads.

We made a number of fruit salads one is the "Orange Banana Split." Split a banana lengthwise, dip in orange juice, arrange on plate, top-

ping with cottage cheese, circled with orange slices. Garnish with pecans, cherries, or walnuts. After we had finished making them, we had the privilege of eating them. That we all enjoyed very much.

We also decided to have a picnic, and afterward go to the theatre at Hamlin on Nov. 10th. We elected Geraldine Shira for our secretary-treasurer for this year.

There were fourteen at the meeting and I think we all enjoyed it very much.

BIRTHDAY CELEBRATED

Mrs. J. H. Browner, of McCaulley, was made very happy on last Sunday, Nov. 5, when her relatives gathered at her home to celebrate her 70th birthday. She received a number of useful gifts.

Her oldest daughter, Mrs. Charles Randolph and her only sister, Mrs. C. W. King, both of whom live in South Texas, were unable to attend.

At lunch time the table was loaded with most everything good to eat. Every one present spent a most enjoyable day and sincerely hopes that she may have many more "Happy Birthdays."

Those present were: Mrs. Euria Waldrop, and family of Sylvester, Mr. and Mrs. W. S. Peacock, Mr. and Mrs. W. C. Jackson and sons, Mr. and Mrs. Albert Galloway and sons, Mr. and Mrs. Vernon Harris and the honoree and her husband, all of McCaulley.

Harry C. Dodson, a member of the Hamlin Herald force spent Saturday night and Sunday with old friends in Burk Burnett. Maybe he was figuring out how to place his bet on the Burk football team, which will likely play this district champ.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.
